Boeing Leadership Association of Southern California

proudly presents:

Lessons in Leadership from Lincoln
With Dr. Gary Schwantz

Wednesday, June 23, 2021

There are times we all need a word of encouragement. However even more powerful than words is the parallel of story. In Gary's conversations he invites us into the story of his and other's lives that allows for a new understanding of how to live life fully, enjoy work more completely, lead with greater heart.
